SHAKER SARSAPARILLA CERTIFICATE. CINCINNATI, Feb 7th, 1851.

This is to certify that my sister, Mary C. Belma was attacked with a disease in her hip, more than three years ago, which rendered her so utterly help-less that she was compelled to keep her bed. All hopes of her recovery were despaired of. Some of the most eminent physicians of Covington and Cin-cinnati attended her, all of whom declared her case a hopeless one. Passing by Dr. Howe's de-pot, an idea suggested itself, that to try one bottle of his Shaker Sarsa parilla could do no harm. Accordingly I purchased one bottle, and before its contents were entirely used she received benefit. I was induced to try another, and another; before the last was used she had nearly recovered. Now she has no pain, can walk, and has the entire use of her limbs. To Howe's Shaker Sarsaparilla we attribute this effective cure. It is but a few months since she commenced taking it.

J. D. Park—Dear Sir: 1 take the liberty of ac vising you of the benefit I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scourge Consumption, in May last. The attack was truly horrifying to me; five of my family, my brothers and sisters had died of Consumption. I was afflicted with nearly all the worst features of the disease; I had -wing cough, and expectorated a great deal -Aer, severe pains in the side and of blood, hecue. severe pains in the side and chest, cold chills, alternating with flushes of heat

and copious night sweats. I was under the care of a skilled physician from the time I was taken sick until about six weeks since, being then about helpless, and my friends considering my cash boneless, of at least beyond the reach of my physician's sam, advised the use of Wistar's Balsam of Wild Cherry.— Without my knowledge, my father procured it, and commenced using it. I was able to be out and oversee my business and labor, which I still continue to do. I have taken four bottles of the medicine, and now consider myself well. I make this statement to induce others that are afflicted as I have been, to make trial of Wister's Bala m Wild Cherry, which remedy has, under the

In the year 1840 I was taken with the inflama-tion of the bowels, which I labored under for six weeks, when I gradually recovered. In the Fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines and every variety of aid with-benefit; and thus I wearied along until the winter of 1845, when I heard of Wistar's Balsam of Wild

My friends permuaded me to give it a law though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations, I was induced to make use of the genuine Wistar's Balsan of Wild Cherry. The effect was truly eston-

ANOTHER SCIENTIFIC WONDER! PEPSIN!

THE TRUE DIGESTIVE FLUID. Or Gastric Juice! A GREAT DYSPEPSIA CURER. PREPARED from Rennet, or the fourth storace of the Os, after directions by Baron Lieum, the great Physiological Chemist, by J S HOUGE TON, M D, No 11, North Righth street, Philadel

This is a truly wonderful remedy for INDIGES

Half a teaspoonfull of this Fluid, infused in water, will digest or dissolve Five Pounds or Russia BEEF IN ABOUT TWO HOURS, out of the stomach.
Scientific Evidence!

Baron Liesgo, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analagous to the Gastric Juice, may be readily prepared from the mucuous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be so softened, changed and ligested, just in the same manner as they would be

in the human stomach."

Dr Perrias, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 36, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr Comps, in his valuable writings on the Phys iology of Digestion, observes that "a dimunition of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successful."

Di GRAHA-i, author of the famous works or "Vegetable Diet," says: "It is a remarkable fact in physiology that the stomachs in animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process. Dr Sisson's great work, the "Chemistry of Man," (Lea & Blanchard, Phila, 1846, pp 321-2) says:-The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapid-

y in an an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself." Professor Dunglison, of the Jefferson College,

which conclusively proves that "Truth is stranger than Fiction." CURB OF Rheumatism, Bronchitis and Dyspepsia REV. DR. LANDIS, A CLERGYMAN

so follows:

For about twenty years I had been suffering from Dyspersia. Every year the symptoms become worse, nor oculd I claim permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chrunic Rheumstism, which for year after year, caused me indescribable suguish. Farther: in the winter of '45 and '45, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system was now thereaghly prestrated, and as my Bronchitis became worses, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other 'Scough the medium of the Nervous system. In the whole pharmacoposis there seemed to be no remedial agent which could reach and recuperate my Nervous Bystem; every hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with nevery sanguine hopes of their efficiency,) I determined to try the effect of the spplication of the GAL-VANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. I am, dear sir, very respectfully yours, ROBERT W. LANDIS.

DR. CHRISTIE'S GALVANIC NECKLACE is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head. Neuralgia in the Face, flux-sing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tie Doloreux.

Palsy and Paralysis. All physicians acknowledge that these terrible diseases are caused by a deficiency of Nervous Energy in the affected limbs. Dz. Centerri's Galvanic Articles will supply this deficient power, and a complete and entire cure is thus

Severe Deafness Cured. The following is an extract from a letter lately received from a distinguished physician in the State of Virginia:

"A. H. Christis, M. D.—Dear Sir: One of my patients, unknown to me, obtained your Galvanic Belt and Necklace, with the Magnetic Fluid, for a serious affection of Deafness. The case was that of a lady whose Nervous system was much disordered, and her general health poer. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Belt and using the Fluid, but a few weeks ego, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years." gg- Every case of Deafness, if it be Nervous, as it general can be cured by this wonderful remedy.

GALVANIC BRACELETS Are found of vast service in cases of Convulsions or Fits, spesmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.

Tic Deloreux and Neuralgia. These dreadful and agonizing complaints are immedi-tally relieved by the application of the Garvanic Berr, Significant and Fruin. The Belt diffuses the Electricity through the system; the Necklace has a local effect, and the Fruid acts directly upon the affected nerves. In these dis-treasing afflictions the application NEVER FAILS. FITS AND CONVULSIONS

These elarming and terrible couplaints are always caused by a derangement of the Nevez. The Britt, Bracking and Flure will cure nearly every case, no matter how young eater wold the patient, or how confirmed the complaint. Nurserous and astonishing proofs are in pessession of the pro-tribetor.
